

## MYR Group Inc. Announces Third-Quarter and First Nine-Months 2017 Results

November 1, 2017

ROLLING MEADOWS, Ill., Nov. 01, 2017 (GLOBE NEWSWIRE) -- **MYR Group Inc. ("MYR")** (NASDAQ:MYRG), a holding company of leading specialty contractors serving the electrical infrastructure market in the United States and Canada, today announced its third-quarter and first nine-months 2017 financial results.

### Highlights

- Third quarter revenues of \$373.5 million, a record high quarterly revenue
- Third quarter C&I revenues of \$157.5 million, more than double third-quarter 2016
- Third quarter net income of \$5.1 million, or \$0.31 per diluted share
- Backlog remains strong at \$701.7 million

### Management Comments

Rick Swartz, MYR's President and CEO, said "We had another strong, record high revenue quarter highlighted by our C&I segment, which more than doubled third quarter 2016 revenue. We actively bid and were awarded numerous projects of all sizes, which resulted in our 11 percent backlog increase, and are encouraged by the projected strong market outlook in both our T&D and C&I segments. Our third quarter results reflected improved performance in many of our organic growth initiatives as well as the substantial completion of the two Midwest projects that negatively impacted our first half results. Continued improvements in our core services are producing what we believe to be sustainable returns for MYR Group and our shareholders."

### Third Quarter Results

MYR reported third quarter 2017 revenues of \$373.5 million, an increase of \$90.2 million, or 31.9 percent, compared to the third quarter of 2016. Specifically, the T&D segment reported revenues of \$216.0 million, an increase of \$9.6 million, or 4.6 percent, from the third quarter of 2016, primarily due to an increase in distribution projects. The C&I segment reported record third-quarter 2017 revenues of \$157.5 million, an increase of \$80.7 million, or 105.1 percent, from the third quarter of 2016, primarily due to increased spending from existing customers and the Western Pacific Enterprises ("WPE") acquisition in late 2016.

Consolidated gross profit increased to \$34.9 million in the third quarter of 2017, compared to \$34.1 million in the third quarter of 2016. The increase in gross profit was primarily due to higher revenue, partially offset by lower overall gross margin. Gross margin decreased to 9.3 percent for the third quarter of 2017 from 12.0 percent for the third quarter of 2016. The decrease in gross margin was largely due to lower margins on certain T&D projects due to weather and lower productivity, as well as project delays and schedule extensions related to a T&D project in Canada. Margins were also negatively impacted by costs associated with organic and acquisition growth. Changes in estimates of gross profit on certain projects, resulted in a gross margin decrease of 0.9 percent for the third quarter of 2017. Gross margin increased 0.7 percent due to changes in estimates of gross profit on certain projects for the third quarter of 2016.

Selling, general and administrative expenses ("SG&A") increased to \$23.8 million in the third quarter of 2017, compared to \$23.2 million in the third quarter of 2016. The year-over-year increase was primarily due to \$1.4 million of costs associated with our expansion into new geographic markets and higher payroll costs to support operations, largely offset by lower bonus and profit sharing costs. As a percentage of revenues, SG&A decreased to 6.4 percent for the third quarter of 2017 from 8.2 percent for the third quarter of 2016.

Other expense increased from \$0.4 million in the third quarter of 2016 to \$1.4 million in the third quarter of 2017 primarily due to a change in contingent consideration of \$1.5 million.

The income tax provision was \$4.2 million for the third quarter of 2017, with an effective tax rate of 44.8 percent, compared to a provision of \$4.2 million for the third quarter of 2016, with an effective tax rate of 40.4 percent. The increase in the tax rate in the third quarter of 2017 was primarily caused by our inability to utilize losses experienced in certain Canadian operations.

For the third quarter of 2017, net income was \$5.1 million, or \$0.31 per diluted share, compared to \$6.1 million, or \$0.38 per diluted share, for the same period of 2016. Third quarter 2017 EBITDA, a non-GAAP financial measure, was \$20.1 million, or 5.4 percent of revenues, compared to \$20.5 million, or 7.2 percent of revenues, in the third quarter of 2016.

### First Nine-Months

MYR reported first nine-months 2017 revenues of \$1.03 billion, an increase of \$231.0 million, or 28.9 percent, compared to first nine-months 2016. Specifically, the T&D segment reported revenues of \$651.5 million, an increase of \$83.5 million, or 14.7 percent, from the first nine months of 2016, primarily due to higher revenue from large transmission projects and an increase in distribution projects. The C&I segment reported first nine-months 2017 revenues of \$378.3 million, an increase of \$147.5 million, or 63.9 percent, from first nine-months 2016, primarily due to increased spending from existing customers and the WPE acquisition in late 2016.

Consolidated gross profit was \$88.1 million in the first nine months of 2017, compared to \$92.8 million in the first nine months of 2016. The decrease in gross profit was primarily due to lower overall gross margin, partially offset by higher revenue. Gross margin decreased to 8.6 percent for the first nine months of 2017 from 11.6 percent for the first nine months of 2016. The decline in our gross margin was largely due to write-downs on three projects. Two projects in the Midwest U.S. were significantly impacted by weather resulting in unbudgeted costs associated with right-of-way access, lower

productivity and increased road damage and repair requirements. As a result, we wrote down \$4.1 million for these projects in the first nine months of 2017. One T&D project in Canada experienced cost impacts mainly associated with project delays and schedule extensions. Although we are working with our client to recover these costs, we have not recognized all of the revenues relating to various pending project claims and change orders, which resulted in write-downs on this project of \$3.3 million. A higher mix of smaller, shorter duration T&D work also impacted margins in the first nine months of 2017. The shift in the mix of work also caused a decline in our fleet utilization and increased mobilization and demobilization costs. Margins were also impacted by costs associated with organic and acquisition growth. These impacts were partially offset by settlements related to previously unrecognized revenues on a project claim and pending change orders. Changes in estimates of gross profit on certain projects, including those discussed above, resulted in a gross margin decrease of 0.7 percent for the first nine months of 2017. Gross margin decreased 0.5 percent due to changes in estimates of gross profit on certain projects for the first nine months of 2016.

Selling, general and administrative expenses ("SG&A") increased to \$74.6 million in the first nine months of 2017, compared to \$69.6 million in the first nine months of 2016. The year-over-year increase was primarily due to \$6.6 million of costs associated with our expansion into new geographic markets and higher payroll costs to support operations, partially offset by lower bonus and profit sharing costs. Additionally, \$1.0 million of costs associated with activist investor activities were incurred in the first nine months of 2016. As a percentage of revenues, SG&A decreased to 7.2 percent for the first nine months of 2017 from 8.7 percent for the first nine months of 2016.

The income tax provision was \$6.4 million for the first nine months of 2017 with an effective tax rate of 45.6 percent, compared to a provision of \$8.8 million for the first nine months of 2016 with an effective tax rate of 39.1 percent. The increase in the tax rate in first nine months of 2017 was primarily caused by our inability to utilize losses experienced in certain Canadian operations, partially offset by excess tax benefits of approximately \$1.0 million pertaining to the vesting of stock awards and the exercise of stock options.

For the first nine months of 2017, net income was \$7.6 million, or \$0.46 per diluted share, compared to \$13.6 million, or \$0.77 per diluted share, for the same period of 2016. First nine-months 2017 EBITDA, a non-GAAP financial measure, was \$45.2 million, or 4.4 percent of revenues, compared to \$52.7 million, or 6.6 percent of revenues, in the first nine months of 2016.

### **Backlog**

As of September 30, 2017, MYR's backlog was \$701.7 million, which consisted of \$313.6 million in the T&D segment and \$388.1 million in the C&I segment, was \$69.2 million higher than the \$632.5 million reported at June 30, 2017. T&D backlog increased \$18.6 million, or 6.3 percent, from June 30, 2017, while C&I backlog increased \$50.6 million, or 15.0 percent, over the same period. Total backlog at September 30, 2017 increased \$81.1 million, or 13.1 percent, from the \$620.6 million reported at September 30, 2016. The increase in backlog does not include any amount related to the previously announced Denver Central 70 Project. We expect this project to be added to backlog during 2018.

### **Balance Sheet**

As of September 30, 2017, MYR had \$149.6 million of borrowing availability under its credit facility.

### **Non-GAAP Financial Measures**

To supplement MYR's financial statements presented in accordance with generally accepted accounting principles in the United States (GAAP), MYR uses certain non-GAAP measures. Reconciliation to the nearest GAAP measures of all non-GAAP measures included in this press release can be found at the end of this release. MYR's definitions of these non-GAAP measures may differ from similarly titled measures used by others. These non-GAAP measures should be considered supplemental to, and not a substitute for, financial information prepared in accordance with GAAP.

MYR believes that these non-GAAP measures are useful because they (i) provide both management and investors meaningful supplemental information regarding financial performance by excluding certain expenses and benefits that may not be indicative of recurring core business operating results, (ii) permit investors to view MYR's performance using the same tools that management uses to evaluate MYR's past performance, reportable business segments and prospects for future performance, (iii) publicly disclose results that are relevant to financial covenants included in MYR's credit facility and (iv) otherwise provide supplemental information that may be useful to investors in evaluating MYR.

### **Conference Call**

MYR will host a conference call to discuss its third-quarter 2017 results on Thursday, November 2, 2017, at 9:00 a.m. Central time. To participate in the conference call via telephone, please dial (877) 561-2750 (domestic) or (763) 416-8565 (international) at least five minutes prior to the start of the event. A replay of the conference call will be available through Thursday, November 9, 2017, at 11:59 p.m. Eastern time, by dialing (855) 859-2056 or (404) 537-3406, and entering conference ID 2388139. MYR will also broadcast the conference call live via the internet. Interested parties may access the webcast through the Investor Relations section of MYR's website at [www.myrgroup.com](http://www.myrgroup.com). Please access the website at least 15 minutes prior to the start of the call to register, download and install any necessary audio software. The webcast will be available until Thursday, November 9, 2017, at 11:59 P.M. Eastern time.

### **About MYR**

MYR is a holding company of leading specialty contractors serving the electrical infrastructure market throughout the United States and Canada who have the experience and expertise to complete electrical installations of any type and size. Their comprehensive services on electric transmission and distribution networks and substation facilities include design, engineering, procurement, construction, upgrade, maintenance and repair services. Transmission and distribution customers include investor-owned utilities, cooperatives, private developers, government-funded utilities, independent power producers, independent transmission companies, industrial facility owners and other contractors. Commercial and industrial electrical contracting services are provided to general contractors, commercial and industrial facility owners, local governments and developers generally throughout the western and northeastern United States and western Canada. For more information, visit [myrgroup.com](http://myrgroup.com).

### **Forward-Looking Statements**

*Various statements in this announcement, including those that express a belief, expectation, or intention, as well as those that are not statements of historical fact, are forward-looking statements. The forward-looking statements may include projections and estimates concerning the timing and success of specific projects and our future production, revenue, income, capital spending, segment improvements and investments. Forward-looking statements are generally accompanied by words such as "anticipate," "believe," "encouraged," "estimate," "expect," "intend," "likely," "may," "objective," "outlook," "plan," "possible," "potential," "project," "remain confident," "should" "unlikely," or other words that convey the uncertainty of future events or outcomes. The forward-looking statements in this announcement speak only as of the date of this announcement; we disclaim any obligation to update these statements (unless required by securities laws), and we caution you not to rely on them unduly. We have based these forward-looking statements on our current expectations and assumptions about future events. While our management considers these expectations and assumptions*

to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. No forward-looking statement can be guaranteed and actual results may differ materially from those projected. Forward-looking statements in this announcement should be evaluated together with the many uncertainties that affect MYR's business, particularly those mentioned in the risk factors and cautionary statements in Item 1A of MYR's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, and in any risk factors or cautionary statements contained in MYR's subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K.

<b>EBITDA (5)</b>	<b>\$ 20,053</b>	<b>\$ 20,470</b>	<b>\$ 71,309</b>	<b>\$ 72,802</b>

**Reconciliation of Net Income per Diluted Share****to EBITDA per Diluted Share:**

Net Income per share:	\$ 0.31	\$ 0.38	\$ 0.93	\$ 1.08
Interest expense, net, per share	0.04	0.03	0.14	0.05
Provision for income taxes per share	0.25	0.26	0.88	0.68
Depreciation and amortization per share	0.62	0.60	2.39	2.12
<b>EBITDA per Diluted Share (6)</b>	<b>\$ 1.22</b>	<b>\$ 1.27</b>	<b>\$ 4.34</b>	<b>\$ 3.93</b>

**Calculation of Free Cash Flow:**

Net cash flow from operating activities	\$ (40,970 )	\$ (5,965 )	\$ (7,797 )	\$ 72,802
Less: cash used in purchasing property and equipment	(4,311 )	(5,711 )	(32,332 )	(21,752 )
<b>Free Cash Flow (7)</b>	<b>\$ (45,281 )</b>	<b>\$ (11,676 )</b>	<b>\$ (40,129 )</b>	<b>\$ 51,050</b>

**Reconciliation of Book Value to Tangible Book Value:**

Book value (total stockholders' equity)	\$ 272,560	\$ 248,673
Goodwill and intangible assets	(57,750 )	(57,798 )
<b>Tangible Book Value (9)</b>	<b>\$ 214,810</b>	<b>\$ 190,875</b>

**Reconciliation of Book Value per Period End Share****to Tangible Book Value per Period End Share:**

Book value per period end share	\$ 16.40	\$ 15.13
Goodwill and intangible assets per period end share	(3.47 )	(3.52 )
<b>Tangible Book Value per Period End Share (10)</b>	<b>\$ 12.93</b>	<b>\$ 11.61</b>

**Calculation of Period End Shares:**

Shares Outstanding	16,459	16,065
Plus: Common Equivalents	160	372
<b>Period End Shares (15)</b>	<b>16,619</b>	<b>16,437</b>

	September 30, 2017	September 30, 2016	September 30, 2015
<b>Reconciliation of Invested Capital to Shareholders Equity:</b>			
Book value (total stockholders' equity)	\$ 272,560	\$ 248,673	\$ 341,254
Plus: Total Funded Debt	79,497	33,400	—
Less: Cash and cash equivalents	(1,682 )	(584 )	(30,429 )
<b>Invested Capital (16)</b>	<b>\$ 350,375</b>	<b>\$ 281,489</b>	<b>\$ 310,825</b>

See notes at the end of this earnings release.

(1) Last-twelve-months earnings per share is the sum of earnings per share reported in the last four quarters.

(2) Last-twelve-months average basic and diluted shares were determined by adding the average shares reported for the last four quarters and dividing by four.

(3) These financial performance measures are provided as supplemental information to the financial statements. These measures are used by management to evaluate our past performance, our prospects for future performance and our ability to comply with certain material covenants as defined within our credit agreement, and to compare our results with those of our peers. In addition, we believe that certain of the measures, such as book value, tangible book value, free cash flow, asset turnover, return on equity and debt leverage are measures that are monitored by sureties, lenders, lessors, suppliers and certain investors. Our calculation of each measure is described in the following notes; our calculation may not be the same as the calculations made by other companies.

- (4) EBIT, net of taxes is defined as net income plus net interest, less the tax impact of net interest. The tax impact of net interest is computed by multiplying net interest by the effective tax rate. Management uses EBIT, net of taxes, to measure our results exclusive of the impact of financing costs.
- (5) EBITDA is defined as earnings before interest, taxes, depreciation and amortization. EBITDA is not recognized under GAAP and does not purport to be an alternative to net income as a measure of operating performance or to net cash flows provided by operating activities as a measure of liquidity. EBITDA is a component of the debt to EBITDA covenant, as defined in our credit agreement, which we must comply with to avoid potential immediate repayment of amounts borrowed or additional fees to seek relief from our lenders. In addition, management considers EBITDA a useful measure because it eliminates differences which are caused by different capital structures as well as different tax rates and depreciation schedules when comparing our measures to our peers' measures.
- (6) EBITDA per diluted share is calculated by dividing EBITDA by the weighted average number of diluted shares outstanding for the period. EBITDA per diluted share is not recognized under GAAP and does not purport to be an alternative to income per diluted share.
- (7) Free cash flow, which is defined as cash flow provided by operating activities minus cash flow used in purchasing property and equipment, is not recognized under GAAP and does not purport to be an alternative to net income, cash flow from operations or the change in cash on the balance sheet. Management views free cash flow as a measure of operational performance, liquidity and financial health.
- (8) Book value per period end share is calculated by dividing total stockholders' equity at the end of the period by the period end shares outstanding.
- (9) Tangible book value is calculated by subtracting goodwill and intangible assets outstanding at the end of the period from stockholders' equity outstanding at the end of the period. Tangible book value is not recognized under GAAP and does not purport to be an alternative to book value or stockholders' equity.
- (10) Tangible book value per period end share is calculated by dividing tangible book value at the end of the period by the period end number of shares outstanding. Tangible book value per period end share is not recognized under GAAP and does not purport to be an alternative to income per diluted share.
- (11) The funded debt to equity ratio is calculated by dividing total funded debt at the end of the period by total stockholders' equity at the end of the period.
- (12) Asset turnover is calculated by dividing the current period revenue by total assets at the beginning of the period.
- (13) Return on assets is calculated by dividing net income for the period by total assets at the beginning of the period.
- (14) Return on equity is calculated by dividing net income for the period by total stockholders' equity at the beginning of the period.
- (15) Period end shares is calculated by adding average common stock equivalents for the quarter to the period end balance of common stock outstanding. Period end shares is not recognized under GAAP and does not purport to be an alternative to diluted shares. Management views period end shares as a better measure of shares outstanding as of the end of the period.
- (16) Invested capital is calculated by adding net funded debt (total funded debt less cash and marketable securities) to total stockholders' equity.
- (17) Return on invested capital is calculated by dividing EBIT, net of taxes, less any dividends, by invested capital at the beginning of the period. Return on invested capital is not recognized under GAAP, and is a key metric used by management to determine our executive compensation.
